Dear Mrs Manley:-

Your letter which I have been hoping for and expecting arrived to-day and while it is a bit late, considering the rush conditions at our factories you can be certain that we will make every effort to get these to you at an early date. I am requesting the factory to notify both you and myself as to about the time you can expect delivery.

My memory is that you will want 20 of these Jackets so that if I am wrong please let me know at once -- your letter did not say the amount desired and I am relying on the talks during my enjoyable visit with you and Abe of some time ago.

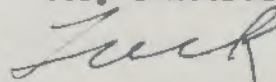

I am enclosing a copy of the specifications as I am sending the order to the factory and I beleive that they will make you a very suitable and serviceable Jacket -- conservative but really of classy appearance.

Regarding the chenille emblem -- just about every condition that could exist works against that -- especially the delivery date -- so am giving the factory the option to make one of felt with white outlining -- and then at some future date it will be possible to get a much nicer one of chenille made and put on the jackets,

I am specifying the sizes as I beleive will best meet your needs and as you know Baring loss or accident these jackets should fill your needs for at least five seasons.

Thanks a lot for your letter and order,

Very sincerely

E R Reilly
